Friends of the Cortland Library

A library is one of the most important assets of any community. Friends groups help support this valuable institution by promoting the library's facilities and generating interest in resources, services and programs the library offers.

The Friends of the Cortland Library help to focus public attention on the Cortland Library. They are active in various fundraisers throughout the year to help support library programs, for all ages, and to purchase items such as books, special equipment and furnishings which the library would not be able to provide without financial assistance.

Friends of the Cortland Library provide an invaluable service, helping to promote interest in and use of the Cortland Library of the Warren-Trumbull County Public Library. **Join today!**
