Friends of the Brookfield Library

The Friends of the Brookfield Library is an organization of persons interested in focusing public attention on the library by promoting the use of the library's many resources.

The Friends typically sponsor at least three fundraisers every year. The proceeds are used exclusively to provide "extras" not covered by other library funding sources.

The Membership Drive is year round, and the FOBL Lottery is usually held in May. The third fundraiser, the Brookfield History book, is already in its second printing and is available at the library.

Typical projects for the Friends are: the children's program, selected book purchases, equipment purchases, interior and exterior decorating, and the Summer Reading Program

Adults, children, and families who would like to help promote interest and use of the Brookfield Library are encouraged to join the Friends of the Brookfield Library.

Meetings are usually held quarterly, in the months of March, June, September, and December.

Brookfield Library is a branch of the Warren-Trumbull County Public Library.
